19. TAG-Ed is partnering with Concept Software, Inc. to bring an alternate opportunity for TAG-Ed intern applicants this summer: STEAM summer bootcamps. These intensive, four-week programs will be made available to top-tier students who are *not* matched with companies for TAG-Ed summer internships, and will take place in Alpharetta at the Concept Software, Inc. offices. This presents an excellent opportunity for students to continue building their technology (Course 1: Introduction to Technology) or marketing skills (Course 2: Digital Media Marketing & SEO) to prepare them for future professional experiences – at absolutely no cost!

To be considered for this opportunity, simply indicate your interest below. Concept Software will then contact you directly with a secondary application. *Note: this will not affect the chances of you receiving a TAG-Ed summer internship. All students will first be considered for a TAG-Ed internship.*

- I would like to be considered for the STEAMConcept Bootcamp
- I am not interested.

1. Think back to a situation in your life where you had to decide between taking a risk and playing it safe. Which choice did you make? What was the outcome of your choice? Would you have made the same decision looking back on the experience or would you have made a different decision?

2. Please record what is commonly referred to as your "Elevator Pitch." An Elevator Pitch is a short summary to quickly and simply explain who you are, what you have done and what you are looking for. It is called an Elevator Pitch because you should be succinct and focused enough to provide all this information in the amount of time it takes to ride an elevator, typically 45-60 seconds, a minute and a half at the most.
