

THE VINE

A TAG EDUCATION
COLLABORATIVE EVENT

10th Annual Vine Event

Advocating STEM skills for all students.

Please join us for TAG Education Collaborative's 10th Annual Vine Event, an exclusive wine tasting, dinner and auction to benefit STEM education and workforce development in Georgia.

TAG Education Collaborative held its first Vine Event in 2009. With generous support of the technology community, the event has raised nearly \$750,000 to improve STEM (science, technology, engineering, and math) educational opportunities for Georgia's K-12 students and to connect students to STEM careers. TAG-Ed builds Georgia's future technology workforce by engaging over one million Georgia students in STEM learning programs, including Georgia STEM Day, Professional Development Programs, Summer Coding Camps and our Summer Internship Programs.

The 10th Annual Vine Event will take place on April 12, 2018 at City Winery in Ponce City Market. This event brings together over 200 of Atlanta's top technology and business executives for a sensational evening of wine tastings, silent and live auctions, and networking.

April 12,
2018

THURSDAY
6 PM to 9 PM

CITY WINERY
at Ponce City Market

650 North Avenue NE #201, Atlanta, GA 30308

Will you join us and support STEM education in Georgia?
